BEES

By Elizabeth-Allen Long

Traders in pollen dust
And amber honey,
The thin, cool avenues of the air
Are crowded with their golden caravans,
Against the sun.
The dark line of their swift flight
Is visible,
The bright wind is thronged
With the movement of their passing
And the delicate sound of their slim wings
In motion,
Fills the long day with a slender rhythm.

Did you ever sit under an old apple tree and watch the bees? Say, you can learn more from bees than you can from a college professor.

For organized effort and high efficiency, the bees make us human beings a bunch of loafers.

When the general manager of the bee-hive gets the flash that the roadside is covered with white clover, and that the garden lilies and mignonette are loaded with pollen, the work must be planned, and executed fast. Ten thousand bees must be dispatched to the clover field post-haste, and another group must be sent to the lilies and still another must refresh the mignonette. The bees who yesterday gathered nectar from the clover must repose their tongue and gather pollen from the mignonette, for you never see a bee collecting or mixing pollen of a different color. And we are told by those who know, that one of the chief preoccupations of the hive is the methodical bestowal of the various kinds of pollen in the store-rooms, in strict accordance with their origin and color.

Amelia Earhart Putnam, who flew the Atlantic says that marriage and aviation are "50-50" in her life. Now if friend husband comes back and says that marriage and business are "50-50" in his life, everyone ought to be satisfied.

And yet—darned if I am satisfied. Guess I'm old fashioned—but I believe that a marriage based on such a percentage is a flop. Amelia's statement sounds rather pusillanimous; if you know what I mean.

WILL ROGERS IN NEW COMEDY COMING SAT.

Back to his native Oklahoma again after filming his recent pictures against various foreign locales, Will Rogers has the star role in "Down To Earth," his new Fox offering which comes to the Donner Theatre on next Saturday night.

With the recital of a business man's efforts to balance his dwindling income against his family's social ambitions and extravagance as its theme, the picture is being hailed everywhere as the most timely as well as the funniest production of the noted humorist's career.

Roger fans will recall the hectic adventures of Pike Peters and his family abroad in "They Had To See Paris," his first talking picture. In "Down To Earth" the whimsical "Pike" reappears after his trip, once more guiding the destinies of his oil company. The recent Wall Street crash, however, has seriously affected his holdings and he becomes worried over his family's expenditures. The failure of a bank in which he is interested brings matters to a crisis, hastened when his wife's social aspirations wreck his attempts to negotiate a loan from the local bank.

ITALIAN BADLY WOUNDED IN A RAZOR FIGHT

Requires Over 50 Stitches To Sew Up Gashes On Neck, Head and Abdomen

Dan Esola, age 59, and A. G. Diometto, 30; Italians residing over the river, got into a fight Sunday night at 9:15 P. M. and as a result, Diometto is under medical care at the home of Dr. J. H. Bernard, suffering from serious wounds inflicted by a razor, and Esola is in the town jail awaiting results of Diometto's wounds before being taken into the local court.

According to the story told by Esola to a representative of the Truckee Republican in jail yesterday morning, he and Diometto had both had a little wine in celebration of the New Year, and that while walking down River Street got into an argument.

Esola claims that Diometto knocked him down, and pulled out a knife from his pocket, and it was with difficulty that Esola got it away from him and threw it to the side of the road. Esola then claims Diometto took a razor out of his pocket and declared that he would kill Esola. It is Esola's contention that it was while he was trying to get the razor away from Diometto that Diometto inflicted all the razor cuts on his own body on head, neck, hands and abdomen.

Police Officers Frank Titus and Tom Dolley were called to the scene of the fight and found Diometto in a very serious condition. He was rushed to Dr. J. H. Bernard's house where it was necessary to take over fifty stitches to close up the wounds. Esola was locked up in the town jail.

Esola worked for the Union Ice Company at Boca for eighteen years, and has lived in Truckee about twelve years, doing odd jobs about town as a laborer. He claims to have been born in Brazil, South America. Diometto came from Emigrant Gap about a year ago, and has worked as section man for the Southern Pacific Company, and other odd jobs about town.

As the paper goes to press it is thought that Diometto has a good chance to recover from his wounds. And Diometto has stated that he will not file a complaint against Esola.

QUEEN-ELECT RECEIVES BEAUTIFUL PRESENTS

Winter Queen-elect Yvonne Gaiennie has been presented with a beautiful ten-piece ivory set by Loyd's Truckee Drug Store; also a ring by A. Binanehi, local jewelry merchant.

She has also been given a box of de luxe stationery with her monogram and address embossed in gold. Ida Costa and Jean Kendrick, who won second and third place in the winter queen contest, have also received presents from Loyd's Drug Store, and Mr. Bianchi presented Jean Kendrick with a brooch and necklace.

Check and Double-Check

SACRAMENTO, Cal., Jan. 5—(UP)—Maybe crime does pay, after all.

According to Charles Stone of the state bureau of criminal identification, a man recently arrived here from Texas and attempted to cash a check. The check was admittedly good, but no one could identify him.

"Finally," Stone said, "the man said he had a jail record in Texas and his fingerprints were on file. He suggested he be identified by means of this record. We had the prints and as a result the check was cashed."

58 LIONS CLUBS INVITED FOR THE SNOW CARNIVAL

Ira B. Langdon, District Governor and John Miller, Deputy District Governor Will Be Here for Event.

Plans are going forward with organized effort for the big Lions Club Snow Carnival to be held in Truckee on Saturday and Sunday, January 28th and 29th.

Invitations have gone forward to fifty-eight Lions Clubs in California and Nevada and Ira B. Langdon, California District Governor of Stockton, and John Miller, Deputy District Governor of Richmond have assured President A. P. Leitch that they will both be here to join in the fun and big get-together.

Arrangements are being made with the traffic department of the Southern Pacific Company to put on special rates and to make arrangements to handle the crowds on the above dates.

The Entertainment Committee is busy working out the program for the Snow Carnival and it is expected that the program will be released thru the press on next Thursday.

Joe Bick left town yesterday to consult the Southern Pacific Company officials regarding getting things lined up for the carnival.

John Terzich Takes Over Coffee Shop

Announcement has been made that effective January 1st the Truckee Coffee Shop will hereafter be conducted by John Terzich.

The Truckee Coffee Shop—one of the most popular cafes in town, has been operated by Charles Bander, John Stepich and John Terzich. Mr. Bander and Mr. Stepich have retired from the partnership.

Mr. Bander and Mr. Stepich informed a representative of the Truckee Republican that their plans for the future were not complete at this time.

SPECIAL HIGH MASS AT CATHOLIC CHURCH SUNDAY, JAN. 15TH

Rev. P. J. Moran has announced that there will be a high mass at the Catholic Church at 10:00 A. M. Sunday, January 15th.

At this same time there will be read a statement of the financial condition of the church.

Father Moran wishes to take this means of extending his hearty thanks to all benefactors of the church, and for the generous cooperation extended by everyone in the community.

CARD OF THANKS

I wish to thank all those who so kindly helped me in securing votes in the Winter Queen Contest.

LOYALTON—THIRD LARGEST CITY

LOYALTON, Cal., Jan. 5—(UP)—Even if you have never heard of it, Loyalton is the third largest city in California.

Loyalton's claim to size, however is based on area and not population. The population is only 821 but the area within the official city limits is 48 square miles. San Francisco, for instance, includes only 42 square miles. Los Angeles, with 441.81 square miles leads the state in area and San Diego is second.

Incidentally, local residents boast that there is some excellent deer hunting within the city limits of Loyalton.

BID FAREWELL TO 1932; HAIL THE NEW YEAR

Young and Old Join in Revelry. Commercial Row Thronged by Merry-Makers. Railroad Men Toot Whistles.

The people of Truckee bid an unregretful farewell to 1932 last Saturday night and welcomed a heartily desired prosperous New Year, according to their wont, with noisy street celebrations, home gatherings and a dance at the Masonic Hall under the sponsorship of the Truckee Ski Club. The boys down in the Southern Pacific Company round house tooted whistles as their share of the celebration.

All in all, in spite of the economic depression the town's New Year's Eve celebration proved to be as demonstrative in the former "boom" years.

Commercial Row, as usual, was thronged with a merry making crowd to shout a greeting to 1933 when the hour of midnight arrived.

The cacophony of shouts, cheers and other noise making devices from the crowd was heard all over town.

The cafes up and down Commercial Row did a big business, and the Row was strewn with serpentine in all colors of the rainbow.

A big crowd attended the Truckee Ski Club dance and all reported having had a fine time.

TRUCKEE WINTER SPORTS WIND SHIELD STICKERS

The Truckee Lions Club has had Lion William Englehart Jr. prepare a sketch for a new Truckee Winter Sports automobile wind shield sticker.

It is a most attractive design in red, silver and blue, and in circular effect.

It is also planned to have the design in miniature for sticking on the backs of envelopes of local correspondence.

J. C. GOTTHOLD FORMER RESIDENT DIES IN SACRAMENTO

Julius C. Gotthold a former resident of Truckee died at his home in Sacramento on December 22nd. Mr. Gotthold is survived by his wife, Bertha E. and one son, Lloyd of Sacramento. Interment was in the Odd Fellows Lawn Cemetery and the services were under the auspices of Tehama Lodge No. 3, F. & A. M.

While in Truckee Mr. Gotthold conducted a grocery store and had been employed in the Court House at Sacramento for many years.

90 Millions Increased Deposits Shown By Bank Of America

Net earnings of \$4,329,000 for the six months ending December 31, 1932 and an increase of \$90,354,000 in deposits since March 12, 1932 are shown by the year-end statement issued by the Bank of America today.

\$6,016,000, after deductions for depreciation, has been added to Undivided Profits, bringing the total to \$10,588,000. With the addition of this amount, Surplus and Undivided Profits now total \$52,338,000. This is exclusive of and in addition to \$8,127,000 still remaining in the reserve for losses, contingencies, etc.

Bills payable etc. have been reduced to \$11,875,000, a reduction of more than \$134,000,000 since March 12, 1932. Total deposits of the Bank of America are now \$749,658,000. More than 217,000 new depositors have opened accounts. Holdings in United States Government securities have increased during the period by \$12,538,000 to \$176,903,000.

CHANGES IN THE GRAMMAR SCHOOL TEACHING STAFF

Miss Dulton of Oakland Replaces Miss Faulkner When School Resumes After the Holidays.

The Truckee Grammar School opened last Tuesday after being closed for two weeks for the Christmas and New Year holidays.

Miss Alice Dulton of Oakland, California, replaces Miss Annette Faulkner as teacher of the 3rd, 4th and 5th Grades.

Miss Faulkner, who came to Truckee in the Fall of 1931 was offered a position in the public schools at Hollister, California, and assumed her new position last Tuesday after being released by the Truckee Grammar School board of trustees.

The Truckee high school is still closed and will not open until next Monday.

TRUCKEE PEOPLE TO ATTEND CARNIVAL SAT. NITE IN SACTO.

It is expected that weather conditions favorable, quite a few Truckee and Lake Tahoe people will attend the carnival to be held in Sacramento next Saturday night.

Those wishing to make the trip should get in touch with C. Edmunds at once.

DONNER THEATRE RE-OPENS HERE SATURDAY NIGHT

The Donner Theatre, which has been closed for the past three weeks, will re-open on Saturday with a brilliant comedy—Will Rogers in "Down To Earth."

"Down To Earth" is an uproarious Rogers comedy plus a straightforward absorbing story of a family living above its means, and how Rogers brings his society climbing wife and children down to earth with his common sense and wholesome philosophy that has endeared him to millions.

DR. J. H. BERNARD TAKING CARE OF PATIENTS AT H.M.

Dr. J. H. Bernard of Truckee is taking care of the patients at Hobart Mills until such time as they are able to secure a physician.

Dr. Schofield, the regular Hobart Mills physician, is on an extended vacation on the Eastern coast.

ORANGE—(UP)—On a hunting trip, Keeler E. Watson astonished everyone by appearing in a tuxedo. He had just left the wedding of a son and hadn't time to change his clothes.

Louie Jewers of Reno visited in Truckee over the holidays.

Colin Campbell of San Francisco has returned after spending the holidays with his parents Mr. and Mrs. E. J. Campbell Sr.

On account of the urgent invitation for Winter Queen-elect Yvonne Gaiennie to participate in the big winter sports carnival to be presented in the Memorial Hall in Sacramento on next Saturday evening, when an audience of 8,000 people and special judges will choose the California State Winter Queen for 1933, the coronation of the Winter Queen in Truckee will be postponed until Sunday, January 15th.

Plans now call for the Truckee Mardi Gras to begin at sundown—Saturday—January 14th, at which time every one in the region is urged to wear a costume and join the fun. There will be a street celebration in the early evening, followed by a street parade, and the Mardi Gras Costume Ball in the Masonic Hall.

The Mardi Gras Committee is offering a CASH PRIZE OF \$10.00 FOR THE MOST ORIGINAL COSTUME AT THE MARDI GRAS BALL, and every one is urged to make this event as colorful as possible.

On Sunday, January 15th the Winter Queen-elect will be crowned on the Winter Sports Hill with an impressive and colorful ceremony. Complete details have not been worked out by the Mardi Gras Committee as the paper goes to press but the next issue of the Truckee Republican will have full information.

The Winter Queen-elect, Yvonne Gaiennie; Ida Costa who secured the second highest number of votes, and Jean Kendrick, who was third in the contest, are all to be presented with very beautiful presents by the Mardi Gras Committee.

Boy Scouts Pitch Camp In Forest

Twenty-four Boy Scouts from Burlingame, Cal. arrived in the region last Sunday in a big motor truck, and pitched their camp in the Forest Service Camp Grounds, north of town.

The camp consists of four large Army tents, with a wood stove in each.

The boys have been having a great time the last few days enjoying snow sports over in the Truckee Winter Sports Park.

CARD PARTY AT CATHOLIC PARISH THURS.—JAN 12TH

Announcement has been made that there will be another card party at the Catholic Parish House on next week Thursday—January 12th.

These card parties are getting more popular all the time, as it offers a splendid opportunity for the people of the region to get together for an evening's entertainment.

Everyone is urged to attend the party on Thursday, January 12th.

BY THEIR DEEDS—

James D. Stewart is well known throughout California, but he is especially known for three things: a mining engineer of extraordinary ability; a forceful journalist and a man who believes profoundly in—"by their deeds shall they be known." He stands out pre-eminently as a leader for reason of his high sense of justice and strong courage. It is therefore primarily on account of "Jim" Stewart's record as a "doer" and his high esteem for the early pioneers of this region that we can appreciate his article which appeared in the Colfax Record a few days ago reading as follows:

THINKS NOT PRIVATE

By James D. Stewart

Stanley Bavier, in a recent issue of the Truckee Republican, held forth on the usefulness of a weekly newspaper to the community it serves.

Naturally modesty forbade him telling all he could have written on this subject.

Every normal person has some hobby. The early day history of the hill country and its pioneer settlers have ever intrigued the writer.

In searching out what the pioneer did and how and when he did it the little country newspaper has been the most satisfying field.

Only four years after gold was discovered at Coloma, the Placer Herald began its existence on the banks of Auburn Ravine, on the spot where it is still published. It has never missed an issue and always published by a Democrat. Its files are intact and a rare history of this section.

Following closely was the Downieville Messenger, and Mountain Democrat of Placerville.

In a small community where perforce of necessity a weekly is the only paper, its editor becomes quite a philosopher and prophet. While the rest of the population is busy peddling pork and ribbons or mending legs or teeth or building houses and what not, the editor has time to observe the peculiar traits and vices and virtues of those about him. He sees something in some man or woman that is hidden from the rest of the community and as he features it in his news columns, the outside world takes notice and soon the makings of another large and useful figure is called to larger fields in the great cities.

Big cities do not breed big men. They get their supply from the country and remorselessly grind them up and ceaselessly scan the pages of the country weekly for more material. Without the weekly newspaper the city would be hard put to find its supply of big men.

The news of today is the history of tomorrow, and the Baviers and Cassidys and Brills, and Shepards and Forbes and Thurmans, and McCoys and Andersons and Finneys and Ayres and others of the fraternity unconsciously go on with their community building and for good measure record it for future generations to ponder over.

Friend Bavier, you touched an important phase of American life and one that should be more thoroughly appreciated.

Hail and long life to the Weekly Country Newspaper.

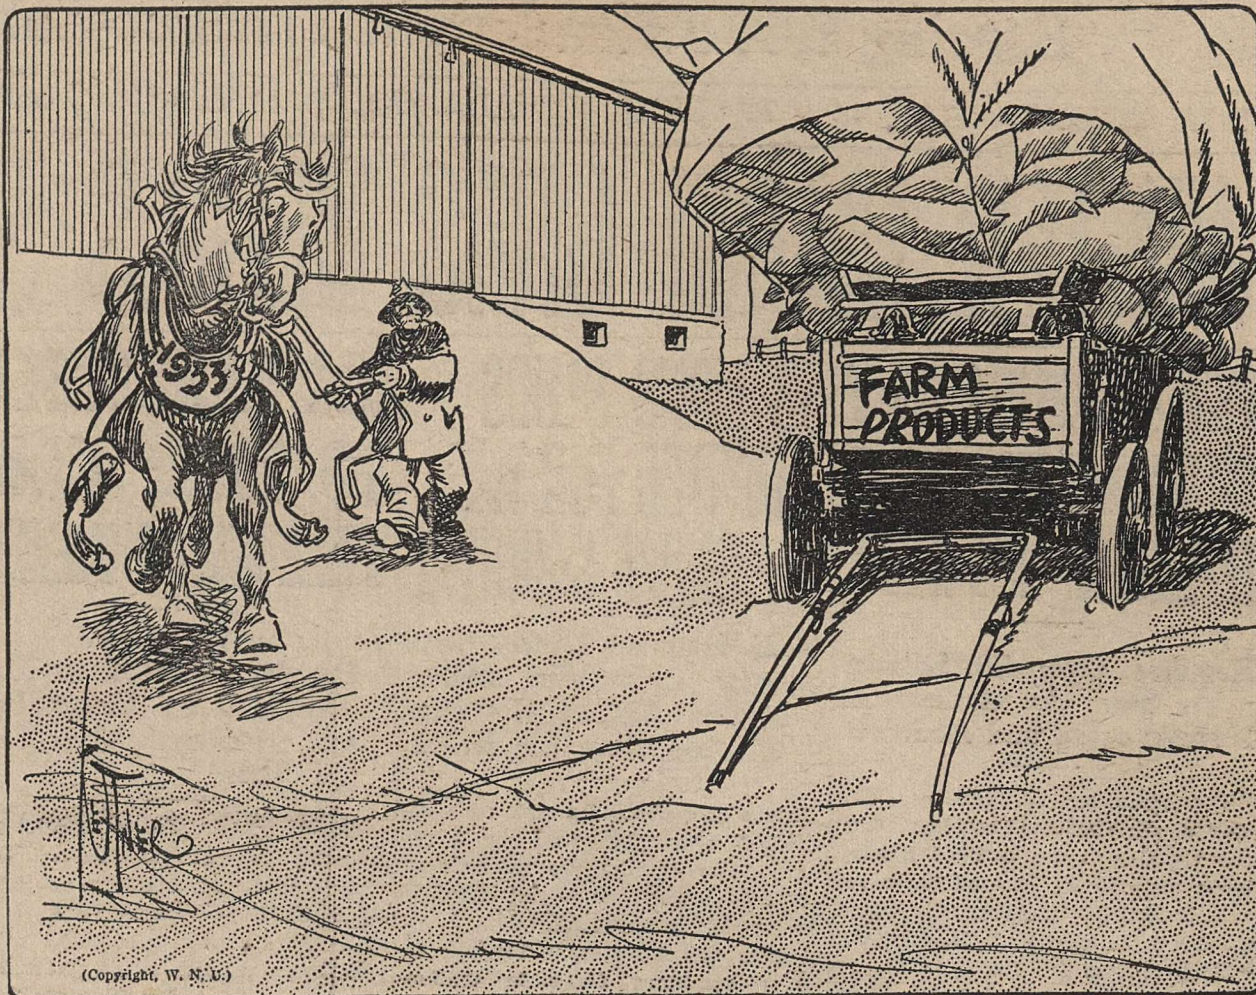

DRAMATIZING THE DONNER PARTY

It is doubtful if Nature has ever endowed any spot more lavishly than the Truckee-Tahoe-Sierra Region.

The lakes, sparkling streams, beautiful forests and majestic mountains are not to be compared with any other in the United States. As a playground empire it is in a class distinctively of its own. And while tens of thousands come into this region from every nook and corner of the world to enjoy what Nature has provided, we still have another most unusual opportunity to attract guests from the four winds; the dramatizing of one of the greatest; most tragic; most pathetic acts of American history: the Donner Party.

If the time ever comes when ways and means can be worked out to enact each year the coming of the Donner Party, and the unfolding of that most historical of all events, this region will become world-wide famous, and thousands will be attracted here to witness the event.

SCHOOLBOY'S PRANKS SAME THROUGH AGES, SCHOLAR DISCOVERS

Civilizations may rise, flourish and fall, and eras come and pass again, but throughout the centuries schoolboys are pretty much the same no matter what their nationality or date in history's calendar, according to Dr. Robert J. Bonner, Sather professor of the University of California, and chairman of the department of classical languages at the University of Chicago.

Speaking recently at the University of California at Los Angeles under the auspices of the University's Phi Beta Kappa chapter, Dr. Bonner revealed the emotions of a mother of approximately the fifth century before Christ whose renegade schoolboy son was a juvenile problem of the day. On tiles discovered in one of the smaller islands of the Aegean the story of an ancient woe was written to be translated some years ago by Dr. Bonner.

"His marbles are polished with use, but he scarcely knows where the schoolhouse is," complained the mother of long ago, "and he tosses his waxed tablets aside to recite a piece, he squeezes the words out as though through a sieve. When we scold him he runs away to his grandmother . . . poor old lady."

"VOGUE LA GALERE"

By Stan Lee

There is an old French saying—Vogue la galere," which interpreted means — "Row the galley! Keep on, come what may."

It is often seemingly difficult to carry on in the face of adverse conditions, but the wisdom and necessity of so doing grows more apparent.

What would we think of a sea captain who got half way across the ocean and then became afraid and turned his ship around and headed back for the side from which he started? How would we feel towards the locomotive engineer that took out his train and because of fog or poor visibility, turned back to the terminal from which he started?

As individuals and as a nation, we are fast becoming very flabby and resent discomfort, either mentally, physically or financially.

Much of our present so-called economic ills are due in no small part to our lack of courage and a spirit of con-

quest.

One frequently hears the remark—"Oh, there is no need to look for work these days; you can not even buy a job." And the next moment we hear an employer say—"Never saw anything like it; it is just impossible to find reliable and efficient help of any kind."

We hear the merchants say—"Business? Say, don't make me laugh. There is no business." And a few feet away a prospective shopper remarks—"Did you ever see the storekeepers so indifferent as they are these days? Why they act as if they don't care in the slightest whether you buy or not. Why they are not even courteous."

And so it would seem that what we all need just at this time is a renewal of enthusiasm, and a spirit of conquest. A desire to analyze the situation and then apply the necessary remedy to effect a cure.

"Vogue la galere!" Row the galley. Keep on, come what may.

cent of the cost of compensation insurance is due to excessive rates charged by the private hospitals and doctors who are overcharging these patients, and these charges must be paid by the state insurance fund or private insurance carriers, which causes the compensation rates in all classes to maintain a steady rise. I am providing, however, in this bill that companies which are now self-insurers and maintain a medical service for their employees shall be exempt from the provisions of this act. Also, that "first aid" may be administered by private practice or in private hospitals before the patient is transferred to this proposed state hospital.

2. I am also proposing a bill that will place the Downieville-Yuba Pass highway in the secondary highway system for maintenance purposes only, as I believe the county of Sierra is not sufficiently wealthy in taxable assets to properly maintain this road, and over a period of time the large investment made by the federal government will be completely lost if Sierra county is charged with this burden.

3. I am also introducing a bill that will place state employees on a five-day-week and six hour basis, revising the salary of all state employees to compare with those in private industries; making allowances for emergencies that could arise making it necessary to work these employees a longer period than specified by law; basing the same on the federal act governing railway employees.

I believe if the state would take the lead in reducing the working hours, using the money saved therefrom for employment of additional people, that private business would recognize this as one of the solutions for our present unemployment problem, and in a short time would follow the lead set by the state.

4. I am also preparing several bills in an effort to bring about relief to our mining industry in all its branches, but must confer more in detail with the mining interests before these bills are in proper form.

5. I am also supporting the program submitted by the California Farm Bureau and its branches, in an effort to bring about relief and better conditions for our agricultural and live stock industry.

6. I am also introducing a bill in an effort to have the fishing season in the Truckee River district opened on the same date as the season opens in other parts of Northern California, and am also including in this bill a provision that will prevent the fish and game commission from granting permission to citizens of other states the right to issue California fishing licenses outside the incorporated limits of this state.

7. I am also pledging myself to a program of rigid economy in state government and all its political sub-divisions, bearing in mind, however, that in following this program of retrenchment not to carry the same so far as to cripple and threaten our basic form of government.

I have before me many problems of minor nature that will receive my attention, but ones that I will be unable to iron out until such time as I have had the opportunity to discuss further with people who have definite knowledge and

information regarding their benefits or ills. I can assure all of my constituents that I would appreciate any recommendations or criticisms they may have to offer regarding this program, or other problems that may come before the legislature during the session.

I sincerely trust that the people of my district will consider me their representative, and as such, will not hesitate to advise with me at every opportunity, as I believe from all indications this session of the California legislature will go down in history as one of economy and I am afraid, radicalism. Believing this to be the fact, I will need all advice and constructive criticism that is available in order to carry on for the best interests of the people of my district and the state as a whole.

The Letter Box

Dear Friend and Editor:

The following is a tentative program that I have outlined as a result of conferences held throughout my district since the November election. I believe the people of this district are entitled to know my program in order that they may approve or disapprove any objectionable features contained herein.

I intend to introduce bills that will benefit the people of this district and to support the following program of various organizations.

I am now having the bills prepared as follows:

1. A bill that will create within state commissions a committee to investigate the possibility of establishing two state nonprofit hospitals for the purpose of handling persons injured and those coming under the compensation law of this state. I believe that about 35 per

A TOUCH OF COMEDY NOW AND THEN

SACRAMENTO, Cal., Jan. 5—(UP)—While most of the reports reaching the state industrial accident commission are tragic, there is such a thing as comic relief.

According to a report of the commission, recent applications for claims were made for the following reasons:

A lady fell into a barrel of sauerkraut.

A monkey cut his finger while his trainer was trying to get him to pose at a movie studio, and the trainer had to do the posing.

A Long Beach resident had a boa constrictor bite him.

TAHOE REGION NEWS

By CELESTE

The beautiful weather continued at Tahoe over the holidays with several light snow flurries that did not last for any length of time. New Year's week-end brought many lovers of winter sports to Tahoe as well as enabling the Tahoeites to visit friends and relatives for the holidays.

Mr. and Mrs. C. Collins left Saturday for San Francisco. Mr. Collins has been the station agent and express manager for the past five years at Tahoe City. Owing to the failure of the "protest" sent to the Railroad Commission several weeks ago Mr. Collins was transferred and the express office closed. Prominent citizens of Tahoe are continuing their efforts to re-open these offices although the matter will necessarily require more time than the allotted ten days, according to the notices posted on December 16th.

The meeting of the Tahoe Ski Club on December 30th was well attended by members and their friends. Mr. C. Collins, president being absent, the first vice-president Mr. C. Weller Atherton presided over the meeting.

N. R. Mayfield reported on the protest sent the Railroad Commission regarding the closing of the express offices and the removal of the station agent Mr. C. Collins during the winter months. It will be necessary for the Club to demand a hearing and while this will cost the state from \$200 to \$500 to send representatives to Tahoe, the Club voted unanimously to have said formal protest drawn up with hopes of a speedy hearing in the immediate future.

Mr. Frank Gaennie, Divisional Superintendent for the Lake Tahoe and the Truckee region of the Sierra Pacific Power Co., accompanied by Mr. Fred Hodge, also of the Sierra Pacific Power Co., attended the meeting. Mr. Gaennie addressed the members about the power rates and in reply to the several letters written the Power Co. protesting the high rates of the Tahoe Region. Presumably Lake is fortunate in having the low rates now existent. However, Mr. Gaennie pointed out the improvements made by the Power Co. this last summer to insure against the unfortunate circumstances of last winter and the unfeasibility of stationing a trouble man at Tahoe during the winter months. Mr. Gaennie assured the members and all the consumers at Lake Tahoe that the Power Co. would continue to give the best possible service at all times. Mr. Hodge addressed the meeting and requested the members to consult with him regarding the various power rates existing over the entire state in comparison with rates at Tahoe. Mr. Gaennie and Mr. Hodge were made honorary members of the Tahoe Ski Club.

Miss June West, the Tahoe Queen was presented with a beautiful ski costume complete from the Tahoe Ski Club by Mrs. Marie Henry. Miss West donned the costume and accordingly afforded the members a rare treat.

The Tahoe Ski Club is indeed proud of its Queen and feel that she will be able to compete with the very best.

Mr. N. R. Mayfield and Mr. R. Watson made a report of the California State Ski Meeting in Sacramento December 16th. The Elimination Contest for the Class A Jumpers will be held at Cisco on January 8th.

Mrs. Fred Cowell and Mrs. A. M. Henry, the hostesses for the evening, served delicious sandwiches, cakes and coffee after which games were played. Mrs. Stella Watson volunteered to pass the hat for contributions to defray the expenses of sending our Queen to Sacramento next Saturday, January 7th, with the result of collecting some \$7.50 toward this fund. Mr. Atherton thanked the members for their generosity and co-operation. It was announced that at the next meeting on January 14th, there will be a brief business session after which the entertainment committee will have a moving picture lasting 45 minutes. Cards will then furnish the balance of the entertainment. A small admission fee of 25 cents will be charged. All members are urged to cooperate and incidentally enjoy a delightful evening at the Tahoe Women's Club House. Don't forget the date!—January 13th, and that's on Friday too!

New Year's Eve was celebrated by the community of Brockway, Tahoe Vista, Carnelian Bay and Brockway Pines, with a real old fashioned get-together party held at the Buckhorn Inn, Brockway Pines. Music was furnished by Mr. Wm. Trevitt of Tahoe Vista and Mr. F. Freeman of the Agate Bay Restaurant and caretaker of the Buckhorn Inn made all preparations in opening the Inn for the evening. The Latch String furnished the coffee and cream and everyone attending the affair was instructed to bring refreshments. Almost 75 people enjoyed this marvelous New Year's party and a vote of thanks was extended to all those making this possible.

Carnelian Bay Resort was the scene of a New Year's Party given by Mrs. M. R. Planett. A delicious turkey dinner was served at seven P. M. with Jack Mathews officiating at the carving. Mr. Mathews donned apron and cap and much entertainment

ensued. Covers were laid for ten guests including Mr. and Mrs. Jack Mathews, Mr. and Mrs. A. M. Henry and children Patsy and Junior, Miss Celeste Planett, Mr. F. Planett, Jack Eblen and the delightful hostess, Mrs. M. R. Planett. Noisemakers were given as favors and at midnight everyone jumped over the threshold into the New Year per ancient custom.

Mrs. Stanley Pomin and wee son returned to Tallac after spending the holidays with Mr. and Mrs. E. Pomin of Tahoe City. Mrs. Pomin and Mrs. E. H. Pomin made the trip by boat on Friday, Mrs. E. H. Pomin returning to Tahoe.

According to a report received by friends, Mr. Fred Hosford, formerly caretaker for Miens at Tahoe, is spending the winter in Honolulu. Mr. Hosford expressed his appreciation of a real warm winter for a change and sent timely greetings to all his friends at Tahoe and Truckee.

Mrs. Chas. Heller of Meeks Bay entertained houseguests over the New Year's holidays including Mrs. Marjorie Kehlet and two sons from Pasadena. The Kehlets enjoyed real sport in the snow and returned to Pasadena on Sunday. Miss Rosalee Heller accompanied Mrs. Kehlet and will spend several months in the sunny south with them.

Mr. H. Hinkle, professor at the Stanford University, returned to Palo Alto Thursday after a two weeks holiday with his family at Tahoe City.

Mr. and Mrs. C. W. Atherton and niece Miss Margaret Luhrs of Tahoe City left Saturday to spend several months in their newly completed home at Fallon, Nevada.

Bruce Merrill and party motored to their home at Tahoe for the New Year's holidays. Winter sports were thoroughly enjoyed by the party.

Miss Anita Willis of Auburn is the houseguest of Miss Lillian Vernon of Tahoe City for several days.

A crowd of Tahoeite skating enthusiasts motored to Truckee Sunday night and enjoyed the excellent ice skating afforded by the Truckee ice pond.

Mr. A. M. Henry, chief of the ski hill, assisted by J. E. Pomin, C. W. Vernon and C. Weller Atherton, as well as the young aspirants to proficient ski jumping, commenced work on the Junior Jump at Tahoe Wednesday. Although some three or four more feet of snow are actually needed it was thought work should be started to enable the boys to practice as much as possible.

Jack Anderson returned to Sacramento to attend Junior College after spending the holidays at Tahoe with his parents Mr. and Mrs. A. M. Anderson.

Mr. and Mrs. W. A. Simmonds of Tahoe City entertained 15 friends on New Year's day. An 18 pound turkey with all the trimmings, as

only Mrs. Simmonds, famed for her culinary art could accomplish, was served at 4 P. M. Those enjoying this delicious banquet spread were Mr. and Mrs. A. M. Anderson, Jack Anderson, Kathleen Anderson, Mr. and Mrs. N. R. Mayfield, Mr. and Mrs. C. Weller Atherton, Mr. Nick Riorden, Mr. and Mrs. A. M. Henry and children Patsy and Junior and the host and hostess Mr. and Mrs. W. A. Simmonds. After dinner bridge was the diversion. The hostess, Mrs. Simmonds, served a marvelous midnight supper.

Mr. Fred J. Planett, owner of Carnelian Bay Resort, has received his commission from Washington, D. C. as postmaster of Carnelian Bay. Mr. Planett's many friends congratulate the young man on this new position.

Mrs. Marie F. Henry of Tahoe is entered in the women's cross country race to be held at Cisco Sunday. Harry Johanson, also of Lake Tahoe Ski Club, will participate in the men's 12 mile race.

Jack Shea, caretaker of Emerald Bay Camp, was seriously wounded in the right foot, his instep being shattered, when his shotgun was accidentally discharged. He was rushed to Truckee for treatment where Dr. Bernard, who was hurriedly summoned, was waiting to attend him. The doctor has advised him he will be unable to use his foot for at least a year.

Word has been received here of the death of Mrs. E. C. Holmes, whose summer residence is located one half mile south of the Tahoe Tavern. She died in San Francisco on December 12th, interment the following Monday. Her death will be greatly regretted by her many friends here.

Tahoe friends of Thula Geelan, internationally noted woman dog team driver and winner of the Tahoe-Truckee Dog Derby here in 1931, has just received word from her that she will enter her famous Irish setters in the Mr. Hood derby to be held in Oregon soon. She is now in McCall, Idaho, where she makes her home, where fair weather now prevails with only two feet of snow on the ground. She takes her dogs out for a practice run every other day in preparation for the coming contest.

Fred Printz, also well known dog racing champion informed Mrs. Geelan over long distance telephone from Portland of the race. She will leave about January 5 for Portland, visiting friends along the way, making the trip in leisurely fashion. Mrs. Geelan deplores the scarcity of dog races, the only others scheduled to her knowledge being at Ashton, Idaho, and Jackson, Wyoming.

Mr. and Mrs. Axel Almqvist, who have been visiting in Oakland over the holidays at their daughter's home, returned on Wednesday to Tahoe. As the roads are only open to Meek's Bay they were unable to drive home to Emerald Bay, so remained over at the A. M. Anderson home in Tahoe City until steamer

day, returning by boat to their home on Friday.

Mrs. Stanley Pomin and baby, who have been visiting Mr. and Mrs. E. H. Pomin at Tahoe, also returned home via boat on Friday.

Mrs. Carl Bechdolt and son Billy motored to Pasadena to visit friends and relatives and view the annual Rose Tournament Pageant and parade and take in the football game at the Rosebowl between Pittsburg and Southern California.

Carl Bechdolt, constable, left on Thursday to join Sheriff Gum of Placer Co. and his party on a duck hunting expedition near Gridley.

Mrs. H. D. Worden, who with her husband has been severely ill with flu, is up and around now, although her husband is still confined to his bed. Ted Marshall, recent pneumonia victim, is now able to sit up in his chair for a part of the day, and is steadily improving.

The beautiful sunny weather Tahoe has recently been enjoying is drawing many visitors from outside regions here for winter frolics in the snow. On Friday and Saturday many machines with license plates from Los Angeles, Portland, San Francisco and the nearer towns were in prominence, loaded with young folks and old dressed in ski togs.

Mr. and Mrs. Chris Nielsen were guests of Mr. and Mrs. Jack Mathews of Tahoe City for dinner on Sunday.

Of considerable local interest is the announcement of the engagement of Miss Florence Ford of Modesto to Bill Topp of Tahoe Cedars at Christmas dinner at the home of Mr. and Mrs. C. A. Swanson of Sunnyside, mutual friends of the young couple. Miss Ford, who is instructor of English at the Roosevelt School at Modesto, and an attractive brunette, met her fiancé last summer while visiting the Swansons during her vacation. She is the daughter of Mrs. J. Jones, formerly of San Jose, who now resides in Vallejo. Miss Ford, a graduate of the San Jose State Teachers' College, is also a member of the Kappa Delta Phi Fraternity there. The marriage is scheduled to take place some time in June.

Mr. and Mrs. Henry Soll of Pine Lodge entertained at a goose dinner on Saturday. Those present were V. A. Muller, Captain Hans Hansen, Harry Grayson, Chris Soll, the Misses Agnes, Alice and Billie Soll and the host and hostess Mr. and Mrs. Henry Soll.

Chris Soll, who has been visiting his brother and family for some time, will return to his home near San Francisco on Monday.

The Soll family were dinner guests of Mr. and Mrs. J. E. Pomin of Idlewild on Sunday.

HOBART MILLS

By MRS. R. McDONALD

O. Landreth has been spending the Christmas holidays with his family in San Leandro.

Mrs. E. C. Murray, accompanied by her son Jack, left Friday for San Jose. Jack has been spending the vacation with his parents. He attends Stanford at Palo Alto.

Tuesday evening two Hobart young folks suffered quite serious accidents. Florence Gordon, the sixteen year old daughter of Mr. and Mrs. P. H. Gordon, received a broken leg and Donald McDonald, the thirteen year old son of Mr. and Mrs. Ray McDonald, received a badly sprained ankle. The children were coasting on a steep hill and Miss Gordon hit young McDonald at the bottom of the trail, throwing her into a tree.

Mrs. D. Lacy has returned to her home here after spending several days with her mother Mrs. Schultz in Carson City.

Mr. and Mrs. Harry French returned Monday after spending the holidays in Modesto with relatives.

Howard Britnell was killed in a fall in an old mining shaft out of Reno several days ago. Mr. Britnell was well known in Hobart where he was employed in the logging camp for several years. He and two brothers had been cutting wood in the hills north of Reno and while returning to his brother's home at night he was missed and a search was instigated. He was found in the shaft where he had fallen in the darkness and was dead when found.

Quinten Harris and his brother Weston have returned to their respective colleges after spending the holidays with their parents Mr. and Mrs. Q. P. Harris. Weston attends the University of California while Quinten is a student at the Oregon college.

Mr. and Mrs. L. McKeen have

sen here, returned home to San Francisco on Saturday.

The N. R. Mayfields returned on Friday from several weeks vacation spent in Berkeley and Turlock and the bay cities. They are the possessors of a bright new Chevrolet coupe.

Mrs. Benny Mayhew was a visitor in Reno on Tuesday, the Chris Niensons on Wednesday, and Mr. and Mrs. E. H. Pomin and son Robert accompanied by a boy friend, and Bill Topp and Florence Ford were among those who went to Reno to celebrate New Year's.

returned after spending part of the winter in Reno.

Word was received this week by friends of the death of Louis Grob, 68 years of age and for many years a resident of Hobart. He has been in Los Angeles for a number of years where he was employed by the Los Angeles Street Car Co and it was while in their employ that he fell into a pit and fractured his skull in the fall, dying on Christmas day.

Mr. and Mrs. G. Sullivan and son have returned to their home in San Francisco after spending the holiday with Mr. and Mrs. O. Lind-say.

Mr. and Mrs. G. Lesselyoung have returned after several days spent in Oakland.

School started again on Monday after a two weeks vacation period.

Miss Zo Hampson went to Gardnerville and spent the New Year with friends.

Word was received from Oakland on New Year's day of the death in the Bay City of Mrs. Hattie Belle Wright, wife of Stanley H. Wright of Hobart. The Wrights have been on the coast visiting their daughter for about a month and it was not known that Mrs. Wright was ill until the news of her death was received and it came as a great shock to her many friends here. The Wrights have been residents of Hobart for many years, where their family was raised. Mrs. Wright leaves besides a husband, three daughters, Mrs. Leslie Black of Reno, Mrs. Belle Byrne of Greendale and Mrs. Clarise Nelson of Oakland, and a brother E. Hall of Berkeley. She was a native of New Hampshire and was 69 years of age. The funeral was held in Oakland.

Dr. Fried, who has been at the Hobart Hospital in the absence of Dr. R. O. Schofield, has gone to the coast. Dr. Bernard of Truckee is taking care of the Hobart sick until some other doctor can come to fill his place.

As the old year faded reluctantly away and 1933 marched gaily and triumphantly in, Tahoe was again mantled in a blanket of fresh snow which had been threatening all day, causing many to change their plans of trips out of town to celebrate New Year's, and remain sanely at home by their firesides.

And last, but not least, "Swanee" hopes all her readers had a right jolly Christmas and that the New Year may bring contentment, happiness and a generous measure of prosperity to you all!

Added Protection Offered Those Borrowing Money

By J. F. McLAUGHLIN
(United Press Staff Correspondent)

SACRAMENTO, Cal., Jan. 5—(UP)—Truckee property owners who borrow money on trust deeds will be given added protection under terms of a bill aimed particularly at the misuse of trust deeds or mortgages, to be introduced in the legislature by Senator J. W. McKinley of Los Angeles.

According to Senator McKinley, his bill includes the following corrective features:

1. It effectively prevents the taking of excessive deficiency judgments.

2. Adequate notice is provided to all persons entitled to the information.

3. Loans may be reinstated by paying installments or interest actually in default.

4. Lenders will not be able to satisfy their debt from other property of the debtor until they have completed the sale under a deed of

trust. 5. It will be unlawful to bring action for deficiency judgments after a limited period.

"In addition to the matter of preventing excessive deficiency judgments, the bill would correct the present frequent practice whereby the entire debt on a trust deed may be declared due for default in installments payments," Senator McKinley said.

"This situation would be effectively eliminated by the new legislation which provides that the borrower may reinstate a loan by paying only the installments or interest actually in default. In my opinion these two points are by far the most important."

Senator McKinley further pointed out that in giving protection to the borrower the proposal in no way restricts the flow of available real estate loan funds, an additional protection for those facing the question of refinancing.

DESIRE TO BE POLICEMAN STILL KEEN AS EVER

SACRAMENTO, Cal., Jan. 5—(UP)—Being a member of the California Highway patrol apparently has all the earmarks of a good job.

At least a report shows that men from every profession are trying to get on the patrol.

During a recent examination in which 658 applicants participated it was shown that attorneys, professors, football players, prize fighters, ball players, dentists, civil engineers, musicians, and many others were anxious to become patrolmen.

SHIPMENTS EVERY DAY IN THE YEAR

DAVIS, Cal., Jan. 5—(UP)—California is one of the outstanding tomato producing districts of the country, and is able to ship tomatoes nearly every month of the year according to authorities of the College of Agriculture, university of California, here.

A report of the college reveals that 12 per cent of the market tomatoes grown in the United States are produced in California as well as 20 per cent of the country's crop devoted to tomato products.

California is producing an annual tomato crop of 300,000 tons, the report said, with 15 per cent of the acreage devoted to truck crops planted to tomatoes.

CONVICT STUDYING TO BE A DOCTOR

SAN QUENTIN, Cal., Jan. 5—(UP)—The youngest murderer at San Quentin prison is studying to be a doctor.

He is J. Borja, slayer of a love rival at Fresno, according to state prison officials. At the age of 15, he stabbed to death the husband of a girl who had killed him.

Dr. Leo L. Stanley, prison physician, took an interest in the youth when it was found he had a tendency to a lung affection and was sent to the prison hospital for treatment.

"Although I am serving a life sentence, and it will be a long time before I get out," Borja says, "I am going to make something of myself. I am going to be a doctor and a surgeon. First I've got to finish my grade and high school studies."

WARNING AGAINST WILD RABBITS

SACRAMENTO, Cal., Jan. 5—(UP)—Beware of wild rabbits!

Not that California rabbits are getting particularly fierce, but the warning was voiced by officials of the state department of public health because of recent outbreaks of tularemia or rabbit fever.

The fever is contracted from handling or skinning diseased rabbits, the warning said. It is suggested that every person handling rabbits should wear rubber gloves. The disease has never been found in any rabbits other than wild ones, a report said.

A Challenge To Young People

During the past forty years tens of thousands of young men and women of many nationalities and denominations have sought free training for Christian service at home or abroad offered by the Moody Bible Institute of Chicago. More than 2,000 students enrolled in its Day and Evening Schools last year. While for certain special courses a high school background is required, and college training desirable, yet grammar school training will admit to its General Course. English is taught to any deficient in its use.

The Bible ranks first in all Institute courses, but instruction is furnished in such subjects as Sunday School Administration, Daily Vacation Bible School, Gospel Music, Public Speaking, Home Economics, Hygiene, and Manual Training. In special courses are offered Theology, Homiletics, Church History, Apologetics, Hebrew, Yiddish, Greek, and medical subjects for foreign mission work.

Christian Science

"Sacrament" will be the subject of the Lesson-Sermon Sunday, January 8, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The citations which comprise the Lesson-Sermon will include the following from the Bible: "Wherefore do ye spend money for that which is not bread? and your labour for that which satisfieth not? hearken diligently unto me, and eat ye that which is good, and let your soul delight itself in fatness. Incline your ear, and come unto me: hear, and your soul shall live" (Isa 55:2, 3).

The Lesson-Sermon also will include the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "In healing the sick and sinning, Jesus elaborated the fact that the healing effect followed the understanding of the divine Principle and of the Christ-spirit which governed the corporeal Jesus. For this Principle there is no dynasty, no ecclesiastical monopoly. Its only crowned head is immortal sovereignty. Its only priest is the spiritualized man" (p. 141).

NORDEN NEWS

Mr. and Mrs. Clarence N. Libby of Old Summit were visitors in Sacramento and vicinity throughout the Christmas and New Years holidays, among relatives and friends.

Halford L. Hackley, signalman of Norden returned this week from the Southern Pacific General Hospital in San Francisco where he has been confined, and is much improved in health.

Clarence Hart, the beau brummel of Norden, plans to take a day or so away from his business the latter part of this week to visit relatives and friends in Folsom and Sacramento.

C. W. Kramer of Tunnel Six accompanied by his family of Sacramento, attended the tournament of roses parade in Pasadena and reports the spectacle well worth anyone's time and expense to view and know just what California can offer in varied climates and flowers at this season of the year. Reports have it that a million people saw the parade, so draw your own conclusions if we are in a state of depression. The weather was warm, clear and calm.

Frank R. Bennett of Tunnel Six spent the New Years festivities with friends in Truckee.

Mr. and Mrs. Charles P. Stephens of Tunnel Six were New Years visitors among relatives in Los Angeles.

George Backarich of Tunnel Six is spending a few days with relatives in Oakland.

John R. (Sergeant) Thornburn of Tunnel Six has returned to his place of business after three weeks which was spent in visiting relatives and friends in Oakland, San Francisco, Los Angeles and San Diego. Much of Mr. Thornburn's trip was consumed through the air from the Bay to the south.

Jesse P. Tilson of Tunnel Six has returned home after visiting with friends in the Capital City.

The Tourist Ski Club of San Francisco is now cavorting on Ski Hill at Norden this week after which the Sierra Club members have returned to their homes after a ten day jaunt in the high Sierras at Norden. The snow is still ideal for snow sports as another eight inches was recently added to the already three feet of well packed snow. Ski conditions are ideal hereabouts.

Mrs. Edward Faulkley of Verdi was a recent visitor in Norden to spend a few days with her husband who was sent to relieve H. L. Hackley as signalman while Hackley went to the Southern Pacific Hospital for observation.

IMPROVING STATE FARM CONDITIONS

BERKELEY, Cal., Jan. 5—(UP)—Three possibilities are seen for improving farm conditions in California, by Dr. H. R. Tolley, director, Giannini Foundation of Agricultural Economics, University of California. These are:

"Measures to stimulate business activity and raise price levels through expansion of money and credit.
"Lowering of barriers to international trade, through concerted action among nations.
